CLOUD BACKUP SERVICE FOR ONE OF THE LEADING TOBACCO MANUFACTURER IN INDIA

SUCCESS STORY

ENGAGEMENT:
Multi-year

INDUSTRY:
FMCG

OFFERING:
Endpoint Device
Data Protection

BUSINESS CHALLENGE
Client had traditionally employed manual processes to protect data. End point data was not protected and there was no backup and recovery methodology for mission critical data.

This led to frequent loss of critical data and client had to spend a large amount of time and resource on data recovery.
Our Solution

Progressive Infotech’s Mydatasync, was deployed in 11 Locations and 600+ end users. Our agentless software architecture provides for simple deployment and easy management while providing advanced features that include global de-duplication, automated mass deployment, autonomic healing, and validation restore capabilities.

- Single integrated solution for all data protection needs
- Policy-based protection based on the user’s IT environment and recovery requirements
- Optimization of IT resources for enhanced utilization
- Data encryption that secures data in-flight and at-rest with full support of compliance requirements
- High-performance data recovery compared to tape
- Central Monitoring for all 11 Location backup activities and auto generated reports.

ABOUT PROGRESSIVE INFOTECH

Trusted IT partner since 1998, Progressive Infotech provides comprehensive suite of transformation and support services. The offerings span across cloud, digital and support operations, delivered through a matured and scalable service delivery model.
